

## ARIES TANNINS & ORGANICS

PRO SERIES, SINGLE-BED, DROP-IN CARTRIDGE

COLOR CORRECTION  
ORGANICS REMOVAL

Tannins are organic matter that cause a yellow to dark tea color in water and may impart taste and odor. While not a health issue; the presence of tannins is aesthetically displeasing. Aries tannin removal cartridges use ResinTech® SBACR anion exchange resin to remove tannins and other organics. These high capacity cartridges are sized to fit standard slimline and big blue housings.

### HIGHLIGHTS

- Fits Standard Residential & Industrial Size Housing
- Oversized Cartridge for Maximum Media Fill
- Lot numbered
- Made in the USA

### APPLICATIONS

- Residential POU

### MEDIA

- ResinTech® SBACR-HP (100%)
